Nominee) Strategy and Risk Management

About Malaysian Directors Academy (MINDA)

The Malaysian Directors Academy (MINDA) was established in December 2006 following the launch of the Government-Linked Companies (GLCs) Transformation Programme Initiatives on 29 July 2005. MINDA is formed as a non-profit organisation with initial funding from the Government.

MINDA's objective is to address Board performance by equipping Directors of Government-Linked Companies (GLCs) with the world-class knowledge, skills and mindset required to perform to a consistently high standard. MINDA's strategy to achieve this is by assisting Boards in focusing on their fundamental roles and responsibilities such as strategy setting, corporate performance management, development of future leaders and human capital, risk management, innovation and creativity.

Learning Philosophy

MINDA's Learning Philosophy focuses on the Learner, i.e. the Learners' experiences and needs that they want to bring back to the Boardroom. Our Unique Learning Value Proposition (Figure 1) not only focuses on Knowledge and Skills, but also on Mindset

Learning. Onboarding methodology involves facilitated learning through active interactions, dynamic discussions and the use of case studies.

About NAM Institute for the Empowerment of Women (NIEW)

The NAM Institute for the Empowerment of Women (NIEW) was constituted at the initiative of Malaysia in concurrence with a decision made at the first NAM Ministerial Meeting on the Advancement of Women hosted by Malaysia in May 2005

Officially established on the 1st July 2006 under the purview of the Ministry of Women, Family and Community Development, NIEW is dedicated to the advancement of women and gender equality

Its vision is to be catalyst in providing visionary and leadership roles including setting priorities and broad policy directions for NIEW and its regional offices together with NAM Countries to promote and enhance the advancement of women

NIEW is dedicated to training, research and knowledge management in collaboration with the diplomatic community, international bodies, private sector, academia and civil society to ensure empowerment of women and achieve gender equality in NAM Member Countries.

Five years after its establishment, NIEW has seen over 30,000 people from almost 60 different countries walking through its doors.
