Organizer: Bursa Malaysia

Website: www.bursamalaysia.com

Date: November 25, 2013 to December 2, 2013

Venue: Bursa Malaysia Berhad

G Floor, Conference Room, Exchange Square, Bukit Kewangan

Kuala Lumpur, Wilayah Persekutuan 50200 Malaysia

An integrated Assurance on Risk Management and Internal Control – is our line of defence adequate and effective?

The workshops aim to provide the AC members with an understanding on the Lines of Defence in an organisation's governance, risk management and internal control assurance processes.

The programme will be conducted in a highly engaging manner using a combination of presentation visuals, video, case studies, fishbowl demonstration, group coaching etc. The programme will also include an assessment to gauge participant's feedback on their level of understanding of their oversight, assurance roles and practices with particular reference to Bursa's Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers. The assessment will be conducted using an online software called Assessor.
