Introducing the APRMC 2012

The ERMA Asia Pacific Risk Management Conference 2012 or the APRMC 2012 is the second ERMA yearly conference, organized for the benefit of risk management professionals in the Asia Pacific region. APRMC 2012 will feature global and regional experts and will profile the latest developments in risk management and related issues. This year, the primary conference topic is Sustainability and Risk Management.

What is ERMA?

ERMA or Enterprise Risk Management Academy is an organisation focused on promoting the awareness toward enterprise risk management and corporate governance by facilitating various educational programmes and offering professional designations in ERM. At this moment ERMA have operation hubs spread mainly in Asia and Africa, and our SEA operations are based in Indonesia, Singapore, and now Malaysia.
